

September 2017 CAC Meeting

Dear CAC Member,

This information includes preliminary draft slides of information to be presented at **next Tuesday's** CAC meeting. There are also other attachments in the email that provide clearer images than the powerpoint slides may show.

We are looking forward to our meeting **at the Knights of Columbus in Oceanside**. The following is the general plan for the evening:

- **615-645p: Agenda Briefing (CAC Only upstairs)**
- **700-900p: Public Meeting**

This meeting will provide updates on various LWTB components such as the LWTB Summary Report and program funding as well as inform the CAC of the designs for ERHS/Lister Park, Smith Pond, and the Mill River Greenway that recently started.

We are also planning to provide the CAC with updates on GOSR's public education and workforce outreach.

We will be commencing the public meeting at 700p sharp and look forward to seeing you.
